Cosmedics skin treatments

POMEGRANATE ENZYME PEEL

Oily/Congested skin

Ideal entry level peel for even the most sensitive of skins to renew and boost hydration. This gentle yet effective Enzyme Peel is a must have! An ideal for the most inexperienced of skins or the first step in a double peel treatment for serious skin changing results. Pomegranate Enzymes effectively lift and digest redundant cells whilst the peel moist, Multi-fruit BSC, Lactic Acid and Jojoba Esters hydrate, moisturise, repair and reduce inflammation. An ideal peel to combine with multiple treatments.

\$169

PUMPKIN ENZYME & FRUIT ACID PEEL

Sun damaged/anti-aging

A gentle yet effective Enzyme Peel for all skins especially for sun damage and age correction. Pumpkin Enzyme & Fruit Acid Peel is a perfect formulation of 30% Pumpkin Enzymes, Pumpkin Extract and natural Fruit Acids married together with the healing and moisturising benefits of Jojoba Esters. This peel effectively eliminates redundant cells therefore accelerating the skin's cellular renewal process. Reveal fresher, smoother skin whilst restoring natural barrier function and increasing hydration. This is an ideal entry level peel!

\$169

OXYGENATING ENZYME PEEL

All Skin Types

Perfect peel for all skin types, an instant pick me up to awaken, renew and smooth even the most tired skin.

The Oxygenating Enzyme treatment is perfectly formulated with high levels of natural fruit acids, Papaya, Pumpkin and Pomegranate Enzymes and perfectly Infused with intense oxygenating and moisturising Super Peptides! This treatment increases desquamation and in turn hydration of the skin cells whilst significantly accelerating the skin's cellular renewal process. Hydrate, plump and renew the skin in just one application!

\$169

BIO-WHITE PEPTIDE PEEL

For pigmented, uneven and skin tone

High-strength Vitamin C and Peptide Peel. A unique Biomimetic Peptide encapsulated in a Liposome allowing optimal whitening and lightening effects on the skin. With concentrated levels of Vitamin C, encapsulated Resveratrol, Niacinamide and natural Fruit Acids this treatment has the power to stimulate cellular turnover whilst protecting collagen and elastin! It is anti-ageing, hydrating, brightening, nourishing and anti-inflammatory.

\$169

CATALYST RETINOL PEEL

Perfect for all skin types looking for skin health

The perfect Vitamin A Anti-aging Peel, repair and correction. Concentrated levels of pure Retinol and encapsulated Retinol, Niacinamide and natural Fruit Acids work together to counteract skin aging, improve the appearance of UV damage, normalise keratinisation to improve the skin's cellular renewal process. This peel will refine and resurface the skin, even out skin tone and reduce inflammation in even the most weakened skins.

\$169

HYDRATING FACIAL

For all skin types

This facial is very hydrating and nourishing. Suitable for all skin types especially dull and stressed skin. Begins with skin analysis, cleansing, exfoliation, neck and shoulder massage and hydrating mask leaving skin feeling refreshed and drenched with hydration.

cool lift treatment

The beauty gun is born! Super plumping and hydrating treatment The Cool Lift Gun applies a strong CO2 flow to the surface of the skin, combined with a high concentration of atomized actives at a very high pressure and low temperature allowing active ingredients to penetrate the skin more rapidly.

This accelerates the results of the treatment, which means the appearance of wrinkles and fine lines are visibly reduced after just one session making your skin appear plumper, restoring the youthful glow and radiance to your skin.

Fantastic for a special occasion or a Bride to Be!

As we all know, time inevitably takes its toll on our skin not only in the form of wrinkles and uneven skin tone, but in overall laxity on the face and neck. Help turn back the signs of aging through non-invasively lifting, tightening and smoothing skin on your face, neck and eyes. Immediate results, no downtime.

improvements are due to growth of new collagen and straightening of elastin fibre in the skin. Improving the superficial skin layer, giving you a fresh and more youthful appearance.

How does Non-Surgical Face lifting work?

Radio Frequency produces thermal effects at various depths of the skin & tissues. The heat produced by the radio frequency increases blood flow which allows the fibroblasts (the most common cell in the skin) to assist the skin in rejuvenating itself, increasing collagen production.

This thermal effect causes the skin to lift, tighten and contract. The

HIFU - uplifting treatment

"Look 5-10 years* younger!"

BENEFITS

- Face or Neck lift without invasive surgery
- Lift sagging skin
- Double Chin lift
- Can be completed in a lunch break
- Only one treatment for 6-12 months
- Jaw detection
- Safe, Non-Surgical procedure, lifting and tightening the skin with noticeable results.
- Eye lift

**Results may vary person to person. Correct homecare products must be used*

This treatment is a workout for the face which stimulates the muscles to contract and lift.

The HIFU (High Intensity Focused Ultrasound) beams through the surface of the skin to deliver precise and

fractional ultrasound energy to the deeper dermis and facial muscle layers. This energy stimulates both muscle firming and new collagen synthesis, with no disruption to the outer skin surface. HIFU treatments are the perfect solution for

sagging skin, particularly in the face, jawline and neck areas. The result is a significantly visible skin firming and tightening. A natural face lift with no needles, no knife, and NO down time!

Best visible results are usually seen after 10 weeks, this effect will continue, and can be

seen firming and lifting the skin 6 months after the treatment. On this basis a repeat HIFU facial treatment is NOT recommended until at least 6 months after the original treatment; more mature clients may enjoy the benefits of a

HIFU facial lift every 6 months, while younger clients may wait up to a year or more before repeating the process.

LASER DO'S & DON'TS

Do: Treat the skin with care at all times, keep treated areas completely out of direct sunlight for up to 48 hours pre and post treatment. Home care products such as **Laser Rescue+ SPF 30** are highly recommended. Ensure you come in the correct time frame recommended by the technician for your treatment to be successful.

Don't Expose the area being treated to sun, self tanning lotions or tanning beds 4 weeks prior your treatment and during duration of your treatment to prevent pigment change or laser burns

Don't expose area to excessive heat before and after your treatment e.g. hot shower, sauna, gym etc.

Don't use harsh exfoliants or rubbing to treated area for minimum of 24 hours.

Post-treatment for laser:

DON'T pick, scratch, rub or irritate any blisters/or grazing after having your treatment (if this was to happen you must contact the clinic immediately to make staff aware and you may need to see your local GP for anti biotic in the case of blistering). Don't wax, tweeze or use depilatories between treatments - shaving only. It's important to understand that if you arrive for your appointment with a tan or unshaven areas, your treatment will be deferred, as these will increase chances of having adverse effects such as blistering, grazing etc.
